

ClarityJunior

Compact and portable, the Clarity Junior offers the most affordable portable magnifier available today. For portability, its unprecedented combination of size, price, and features puts it at the top of its class.

3-9X MAGNIFICATION

 **CLARITY**

Junior features a unique state of the art video magnification camera combined with a 4" LCD screen. Designed to be portable, *Junior* weighs under 11 ounces and is approximately 5 x 5 inches in size.

Anywhere, anytime, simply turn on the *Junior* and you have amazing magnification with superior clarity. Using the *Junior* couldn't be simpler – you instantly see what you have been missing. Take it to your grocer or favorite restaurant and **bring the world into focus!**

With a replaceable battery that lasts over 3 hours, *Junior* is ready when you are. A standard wall charger or optional car charger lets you charge anywhere.

Clarity's **LIFETIME WARRANTY** gives you peace of mind while you're on the move. Like all Clarity products, *Junior* is backed by our superior customer service, and is individually handcrafted in the USA.

Let Clarity bring **your world into focus.**

Please note: The actual product may differ slightly in appearance from that shown.

The most important thing to Clarity are our customers. Let's hear what they have to say ...

"My thanks to Clarity and the staff for helping my father see again! He has lost his sight to macular degeneration and could no longer read the books he loves or carve small pieces of wood. Thanks to his new Clarity, he is once again reading his books and magazines! He can even see pictures of the family now! Thanks so much!!"

Walter Cambers

"I have started using my Clarity CCTV system and what a wonderful system it is. I can read and write now and as time goes on I will do better. Thank you so much.

Julia Sims, low vision customer
