

Let Clarity bring your world into focus.

## ClarityDiscovery

If your primary needs for magnification include reading, writing, and other close-up tasks, the Clarity *Discovery* is the video magnification solution for you.

4-60X MAGNIFICATION

Clarity is dedicated to help people with low vision. We recognize that people with low vision are using a video magnifier. As a result, we strive

You'll find *Discovery* easy to use. In addition to reading and writing, you'll see three-dimensional items — such as prescription bottles — with amazing sharpness, and see your favorite photos in full color! *Discovery* features Clarity's easy to use controls for smooth operation in focusing, contrast adjustment, and color changes. This unit offers a one touch power switch, as well as color, black and white, and inverse viewing options.

The *Discovery* video magnifier fits easily in any home or office. *Discovery's* monitor tilt feature allows you position the super sharp 17" high contrast LCD screen for optimal viewing.

Like all Clarity products, *Discovery* is backed by our lifetime warranty. Every Clarity product is individually handcrafted in the USA.

Let Clarity bring **your world into focus.**
